

# SUBSTANTIAL SAVINGS

Get an inspection advantage with a Swift PRO Elite.

Valid May 1st - July 31st 2021

Extended til Dec 31st 2021

## Now is the time to upgrade your toolmaker's microscope.

Enhance your inspection capabilities with the Swift PRO Elite. An ergonomic toolmaker's microscope, simple, and robust, providing accurate measurements for a wide range of precision components, even difficult subjects such as black or transparent plastics.

Swift PRO Elite: **\$13,016**

RRP \$19,495

### Product Features

Ergonomic optical viewer: easier to use than traditional eyepiece toolmaker's scopes

- Keep glasses/eyewear/masks on in use: No need to remove while using the system
- Large measuring stage: 8" x 4" measuring range covers a wide range of applications
- High accuracy: +/-5 micron accuracy
- MX200 digital readout: for simple reporting of measurements
